August 26, 1996

Mike Reed
Electronic Chrome & Grinding Co., Inc.
9132 Dice Road
Santa Fe Springs, CA 90670

Dear Mr. Reed:

Enclosed is On-Site Waste Treatment Permit No. C-322 for your operation located at:

9132 Dice Road
Santa Fe Springs, CA 90670

All industrial wastes shall be disposed in accordance with this permit, Chapter 18 of the City Code, and the attached special conditions and limitations. This permit must remain on the premises at all times.

Electronic Chrome & Grinding Co., Inc. is responsible for maintaining the on-site treatment equipment in such a way as to prevent a public nuisance. An Environmental Protection Inspector will periodically inspect the facility and equipment to ensure adequate compliance with all requirements. Your full cooperation in preventing pollution is essential to the welfare of the community.

If you have any questions regarding the Industrial Waste Disposal Permit, please call Tom Hall of this office at 310/944-9713.

Sincerely,

NORBERT P. SCHNABEL, FIRE CHIEF

Stanley D. Boettcher
Fire Marshal

ENVIRONMENTAL PROTECTION DIVISION
INDUSTRIAL WASTE SECTION

OFF-SITE DISPOSAL REPORTING PROGRAM

1. Electronic Chrome & Grinding Co., Inc. shall file a report with the City Fire Department twice a year beginning December 1996.

| <u>Reporting Period</u> | <u>Reporting Due Date</u> |
|-------------------------|---------------------------|
| January - June | July 15 |
| July - December | January 15 |

2. The report shall contain the following information:
 - a. Quantity of liquid industrial waste (in gallons) produced during each month.
 - b. A list of the quantity of liquid wastes hauled to a legal point of disposal, the name and address of each hauler, and the disposal site utilized.
 - c. Copies of any liquid waste laboratory results from samples collected and analyzed during the reporting period.
3. In the event that no wastes were produced during a reporting period or that no wastes were hauled, a statement to that effect shall be submitted.
4. Each report must bear the following completed declaration:

"I declare under penalty of perjury that the foregoing is true and correct."

Executed on the _____ day of _____ at _____.

ADDITIONAL CONDITIONS AND LIMITATIONS

PERMIT NO.: C-322

FIRM NAME: Electronic Chrome & Grinding Co., Inc.

ADDRESS: 9132 Dice Road, Santa Fe Springs, CA 90670

DATE: August 26, 1996

The above named company is required to comply with the additional conditions and limitations listed below as a condition of permit approval.

1. The permittee must submit a semiannual report in accordance with the enclosed Off-Site Disposal Reporting Program form.
2. Violation of the listed conditions, Chapter 18 of the City Code, or the Wastewater Ordinance shall be cause for suspension or revocation of this permit.
3. All liquid industrial waste and water soluble solid waste not acceptable for discharge into the sewer shall be stored in leak-proof containers pending transportation to a legal point of disposal.
4. Copies of the completed Uniform Hazardous Waste Haulers Manifest must be obtained and kept on file for a period of at least 180 days for any liquid transported from the site. The Manifest shall be made available to representatives of the Santa Fe Springs' Fire Department upon request.
5. Waste disposal operations shall be conducted in such a manner that no nuisance is created.
6. Representatives of interested government agencies concerned with the disposal of industrial waste shall be permitted access at any reasonable time to take samples and inspect operations.
7. Written approval shall be secured from the Environmental Protection Division, or authorized representatives, before making any additions or modifications which may affect the quantity, quality or method of disposal of waste materials.
8. This permit is subject to suspension or revocation if conditions exist which would justify denial of a permit or if the permittee fails to correct unsatisfactory conditions.
9. In the event of any change of ownership, name, control, or legal abandonment of the waste disposal facilities, the permittee shall notify the Fire Department of such change. He shall also notify the succeeding owner or operator of the existence of this permit by letter, a copy of which shall be forwarded to the Fire Chief.
10. The City Engineer or Fire Chief may modify this permit by addition, revision, or elimination of conditions and limitations as may be necessary to accomplish the purpose of ordinances and laws covering the disposal of waste materials. The Environmental Protection Division shall be immediately notified of any change of ownership, name, control, or legal abandonment of the waste disposal facilities. The succeeding owner or operator must be notified, in writing, of the existence of this permit.

11. This permit shall be displayed on the premises.
12. The permittee will be billed annually for industrial waste inspections. New permittees will be billed a percentage of the annual industrial waste inspection fee depending upon the days remaining in the billing period. Delinquent fees shall be subject to a 10% penalty for each 30 day period beyond the billing due date.
